preliminary discussion and to lay plans for procedure.

In contrast to the manner in which the conference tackled the armament problem on its opening day, the representatives of the powers went into to-day's committee meeting waiting on one another to speak first about the intricate questions that long have troubled diplomatic relations in the Pacific and the Orient. Of course, every nation had a rather concrete Vinalimitation is consumer. HARRISBURG, Pa.—Many prominent women of Pennsylvania met here to-day at the invitation of Commissioner Connelly to form an advisory council of women to assist the Department of Labor and Industry in matters pertaining to women and children.

ALBANY—Superintendent of Public Works Cadle announced to-day that his department would set no arbitrary date for the closing of New York's canals this year, in order that shippers and consumers might have the benefit of the State's canal system.

VINALHAVEN. Mc.—The British every nation had a rather concrete idea of the principles it meant to present once the negotiations began, but no one seemed anxious to break the

The general prediction was that as a result the task of drafting a method of procedure would be intrusted to a smaller committee, just as details of the naval armament programme have been left temporarily to the committee of naval experts. In the case of the Far Eastern questions, however, it was expected that all nine of the nations represented here would have membership on the committee and would unite their influence to hasten the committee work so that the Far Eastern discussions might take rank as soon as possible abreast of the more advanced negotiations on armament.

While the delegates were beginning their actual consideration of the second big topic on the programme of the conference, the Naval Experts Committee of the five powers held its first meeting and company to the large that the programme of the first meeting and company to the large that the programme of the first meeting and company to the large that the programme of the first meeting and company to the large that the programme of the conference, the Naval Experts that the programme of the conference to the five powers held the programme of the conference to the first meeting and company to the large that the programme of the conference to the five powers held the programme of the conference to the first meeting and company to the large that the programme of the conference to the first meeting and company to the large that the programme of the conference to the first meeting and company to the large that the programme of the conference to the first meeting and the programme of the conference that the programme of the conference the programme of the conference that the programme of the conference the programme of the conference that the prog
